WARNING

This action will create a new product that will match your existing product in all respects except that GF-5 will no longer be included. Existing linked formulations will be carried over to the new product and the new product will appear on your license in the same status as the original product. Once this action is complete, you will be able to add/remove formulations as necessary

Success

Product rebrand was successful.

OK

Associated Formulations

Below is a list of formulations that have already been added to this product along with their status. Any formulation in the 'Active' status may be removed if it is no longer relevant to the product.

Supplier	Formulation ID	Service Category & Designation	Viscosity	Status	Market Date	
API Test Company	Test	SN Resource Conserving, SN PLUS, ILSAC GF-5	5W-30	Approved	15-Jan-2021	Remove Add

The result of the two products side by side:

- Product with ILSAC GF-5 is withdrawn
- Product without ILSAC GF-5 is in the same product status with the same brand name
- Formulations are associated
- Certificate is updated
