RE: API Specification 20E, 2nd Edition Errata 2

Please be advised that the **Errata 2** for **API Specification 20E, Alloy and Carbon Steel Bolting for use in the Petroleum and Natural Gas Industries**, has been published.

- This Errata is effective immediately

Please note that this document requires your immediate review and attention. Your facility should ensure that all errata are incorporated into your quality management system and that affected personnel are trained on any new requirements and are competent to perform the required activities by the new edition's effective date.

Licensed and applicant organizations are required to maintain at least one copy of the most current edition of the English language version of the API Product Specification(s) for which it is licensed or seeking licensure. Current API publications may be purchased from the [API Monogram Web Store](#).

This notification and other product updates, as well as new editions and addenda for Monogram specifications, are available at [Monogram Program/APIQR & Spec Updates](#).

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry.

For any questions or concerns related to this notification, please contact us at api.org/ContactMonogram.

Sincerely,

Kevin Ferrick
Senior Director, Monogram Program/APIQR
