RE: API Spec 20C Licensing Information Form

Please be advised that a new Licensing Information Form for API Spec 20C, *Closed Die Forgings for Use in the Petroleum and Natural Gas Industry*, has been posted to the API website under [Licensing Information Forms](#).

API Monogram Licensing Information Forms list the products that can be licensed under a particular API specification or standard and will help your organization determine the best scope for your API Monogram License(s).

When submitting your Renewal application in the myCerts Portal, you will have the ability to select the desired products at that time. Use the Licensing Information Forms when requesting a change to the scope of your current license in-between Renewal applications. Send completed forms to certification@api.org.

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry.

Together, we can [Power Past Impossible!](#)

Sincerely,

Sharon Bowie
Manager of Operations, Monogram/APIQR
