RE: API Specification 2W, Sixth Edition

Please be advised that the **6th Edition of API Specification 2W, Steel Plates Produced by Thermo-Mechanically Controlled Processing for Offshore Structures**, has been published.

- The Date of Issue of this Edition is January 2019
- The API Monogram Program Effective Date of this Edition is August 1, 2019

Please note that this document requires your immediate review and attention. Your facility should ensure that all revisions are incorporated into your quality management system and that affected personnel are trained on any new requirements and are competent to perform the required activities. This should be completed prior to the specification's effective date and subsequent audit.

Licensed and applicant organizations are required to maintain at least one copy of the most current edition of the English language version of the API Product Specification(s) under which it is licensed or seeking licensure. Current API publications may be purchased in the [API Monogram Web Store](#).

This notification and other product updates, as well as errata and addenda for Monogram Standards, are available at [Monogram/APIQR Program & Spec Updates](#).

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry.

Together, we can [Power Past Impossible!](#)

Sincerely,

Sharon Bowie
Manager of Operations, Monogram/APIQR
