TO: API 11D1 Monogram Licensees
API 11D1 Monogram Applicants

FROM: API Monogram Program

RE: API Specification 11D1 Licensing Information Form update

Please be advised that the Monogram Program has updated the API Specification 11D1 Licensing Information Form (LIF).

The following changes have been made to the API 11D1 Licensing Information Form:

- Added Grades V6-R through V0-HR
- Removed Grades V0-H and V3-H

The changes were made to reflect the latest edition of API Spec 11D1.

Facilities interested in being Licensed to one of the new grades will need to submit a completed LIF through the [API Monogram/APIQR Contact Form](#) and request that the new grade(s) be added to the scope of their next audit. Facilities previously Licensed to V0-H or V3-H will be issued new certificates in the next few days that exclude those grades.

The updated API Specification 11D1 Licensing Information Form can be found on the API website at [API Monogram & APIQR Program Documents/Licensing Information Forms](#).

A copy of this notification can be found on the API website at [API Monogram & APIQR: Latest Updates](#).

For any questions regarding the changes to the Licensing program for API Specification 11D1, please contact us at www.api.org/ContactMonogram.

Thank you for your continued participation in the API Monogram Program and your dedication to quality.

Sincerely,

Kevin Ferrick
Senior Director, API Monogram Program /APIQR
