HOW:

WIN 1

Bind Mexico in NAFTA to keep its energy market open to the U.S.
– **Negotiate clear and binding commitments for a U.S. energy presence in Mexico.**

WIN 2

Make a modernized NAFTA permanent
– Do not continue to negotiate a “sunset clause”.

WIN 3

Strengthen NAFTA’s investment protections and retain Investor-State Dispute Settlement (ISDS) –
Do not continue to negotiate for “opt-in/opt-out” ISDS or other weakened investment provisions.
