RE: API Specification 6A, 21st Edition Errata 3

Please be advised that the **Errata 3 API Specification 6A**, *Specification for Wellhead and Tree Equipment*, has been published.

- This Errata is effective immediately
- The Errata was published to add the January 2021 Addendum effective date to the front cover of the edition

Please note that this document requires your immediate review and attention. Your facility should ensure that all errata are incorporated into your quality management system and that affected personnel are trained on any new requirements and are competent to perform the required activities by the new edition's effective date.

Licensed and applicant organizations are required to maintain at least one copy of the most current edition of the English language version of the API Product Specification(s) for which it is licensed or seeking licensure. Current API publications may be purchased from the [API Monogram Web Store](#).

This notification and other product updates, as well as errata and addenda for Monogram specifications, are available at [Monogram Program/APIQR & Spec Updates](#).

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry.

For any questions or concerns related to this notification, please contact us at api.org/ContactMonogram.

Sincerely,

Sharon Bowie
Manager, Monogram Program/APIQR
